DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with James P. Delany on September 17, 2003.

The application has been amended as follows:

Cancel claim 6 without prejudice.

Claim 5, line 18, after "respectively" Insert --; wherein the second adjustment mechanism includes: a clamping screw threaded to the board retention element; and a locating pin mounted to the clamping screw for relative movement with respect to such screw, the pin including a notch which operates as the edge retention member which engages the second edge of the circuit board.—

Allowable Subject Matter

2. Claims 1-5, 7-10, 13-16, and 21-27 are allowed.

The following is an examiner's statement of reasons for allowance:

The references cited in this and the previous office actions disclose a support rack having a board engagement platform and a board retention element and some other claim element. However, they do not disclose first and second adjustment mechanisms are independently adjustable to allow positioning of an edge retention member at a desire distance from an edge engagement member such that the engagement member and the edge retention member compress a circuit board by contacting first and second edges of the circuit board (claims 1-4, 13-16, 21-22, and 24-26), the second adjustment mechanism including a clamping screw threaded to a board retention element and a locating pin mounted to the clamping screw, the pin including a notch engaging the second edge of the circuit board (claims 5, 7-10, 23, and 27).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
